

“The product SANITROL MB is a broad-spectrum virucidal hard surface disinfectant that is expected to inactivate the SARS-CoV-2 (the virus that causes COVID-19)”.

SANITROL MB is a disinfectant, sanitizer, fungicide, virucide, deodorizer, bacteriostat for use in all federally inspected meat and poultry plants, hospitals, institutional and industrial facilities. It is an economical concentrate.

It is a concentrated one-step (Hospital) disinfectant that is effective against a broad spectrum of bacteria, it is virucidal, fungicidal and eliminates odor-causing bacteria when used as directed.

This product is not for use on medical device surfaces.

Cross-contamination is of major housekeeping and food safety concern. **SANITROL MB** has been formulated to aid in the reduction of cross-contamination not only in hospitals, but in schools, institutions, and industry.

Use SANITROL MB to sanitize /disinfect all non-porous surfaces.

Some examples:

Use to sanitize /disinfect nonporous athletic mats, wrestling mats, gymnastic mats, exercise equipment and training tables.

Use on coils and drain pans of air conditioning and refrigeration equipment and heat pumps.

Use on showers and tubs, shower doors and curtains, fixtures and toilet bowls.

Use to sanitize /disinfect nonporous personal protective safety equipment, wrestling headgear, boxing headgear, protective headgear, athletic helmets, hard hats, half mask respirators, full face breathing apparatus, gas masks, goggles, spectacles, face shields, hearing protectors, and earmuffs. Rinse all equipment that comes in prolonged contact with skin with warm water and allow to air dry before reuse.

Use as a sanitizer on dishes, glassware, and utensils.

Use as a sanitizer in bottling and beverage dispensing equipment.

Use as a sanitizer in sanitary filling of bottles and cans.

Use in sanitizing bottles or cans in the final rinse application, and for external spraying of filler and closing machines.

Use as a sanitizer in beer fermentation and holding tanks.
